

# AYS MANHOOD DRUG ADICTS FALLS IN DECAY CRY FOR HELP

## Bishop Moulton of Episcopal Church Expounds Views Before Club

That the character of manhood and womanhood, caught in the clutches of the sensual, material and emotional of the twentieth century is gradually going to decay was the substance of an address at noon today by the Rt. Rev. Arthur W. Moulton, bishop of the Episcopal church, before members of the Progressive Business Club.

Bishop Moulton was emphatic in his declaration that the type of character developed in young men and women of modern times does not come well with that of previous centuries. "It is not a happy thing to think of," he said, "but no man or woman can be satisfied with the type of character now produced. It is due to just one thing—divorce from the spiritual expression of the church."

"The minute a generation divorces itself from the spiritual expression of the church it slips backward—it results in a low type of character. No man can be permanently successful unless he is a part of the spiritual world of Christianity—and this applies to business."

The speaker cited the religious and intellectual strides made in the New England states, the birthplace of Christianity in America. He attributed the success as due to the little white churches which are landmarks in the community in every New England town.

"The success of the New England states," he said, "owes her degeneration to its casting aside of God. Now the country holds out its hands to Christianity and its progress and prosperity will be rapid in the future."

At today's luncheon were Mrs. Robert Miller of the respect is lost and one is driven to the Florida company of Farmington, and Mrs. Evans, district attorney, who introduced as a guest.

Two large boxes of cherries were on attendance prizes for John and Mrs. Evans. They were won by Joseph and Clarence Ecklund.

Rev. J. Brown, baritone, played club members with selections.

## OPRIES FELT OVER NEVADA

SAWSON CITY, Y. T., July 17.—I was being anxiously awaited for by Clarence O. Frost, Nevada attorney, attempting a flight to Spria, who arrived Sunday morning from Ala. for Fairbanks, carrying a bi-plane only three apples and a box of candy. Despite the army of men, the machine, the Frost expected to make a jump three or four hours.

## MOTHER BLAT PRINCE CLOSED

OUNGTOWN, O., July 8.—The Blat Prince, in the Youngstown district, banked on account of coal shortage, will go to the idle this week at the Brien Steel plant. Curtailment of the schedule of the Youngstown and Tube company may have made during the week officials today.

"Naturally I do not hope to recover, but for the sake of others I hope my case will be found for this malignant ill."

"I have been allowed by the federal authorities 20 grains of morphine every five days and for 40 years I have taken this amount by the needle. Now the federal agent has ordered that hereafter I must take it in liquid form only."

"In this form 20 grains is inadequate for my mind and body and I am now taking 40 grains of morphine a day. It is my only income—whereas under scientific administration it would cost only \$2.50."

"During her illness morphine was given for relief, and she unwittingly became a slave to it. By the advice of our village doctors I took her to a sanatorium."

## HOWARD ALLAN CALLED BY DEATH

Howard Allan, 27 years of age, died today of pneumonia at the home of his father, Marshall A. Allan, Rio Grande brakeman, 1804 Hudson avenue.

Howard Allan had been ill for many months following discharge from military service. His illness finally caused him to give up his employment. We are thought to be well on the road to recovery, however, when pneumonia developed a few days ago. He sank rapidly.

Mr. Allan was married and his widow survives, also his father and brother, Carl, and sister, Inez.

Howard Allan was a member of the B. P. O. Elks.

## PITTSBURG TO REOPEN MINES

PITTSBURG, A. July 15.—Important mines in the Pittsburgh district will be opened without delay, under the plan proposed by President Harding. It was stated here today that some of the companies have commenced to clean up the pits with a view to early resumption. Several weeks it was said, would be required before the mines would be ready for even semblance of normal coal movement.

## STATE OF IDAHO SAVES ON COAL

BOISE, Idaho, July 15.—A saving of 45 per cent over last year has been made in the purchase of coal for the state educational institutions. It was announced Monday by A. C. Price, auditor and business agent for the state department of education. "This is in addition to the 10 per cent reduction in freight rates," Mr. Price said.

The contract price for slack, which is used more than any other kind, is \$1.20 f. o. b. the mines this year while last year the price was \$2.10 under the same conditions. Prices of the other kinds of coal used by the institution has dropped accordingly, he said.

BOISE, Idaho, July 15.—Approximately 2,000 acres of grain in Power county, have been destroyed by grasshopper, and many more farmers are threatened, according to reports received at the University Extension division from the county agent there. Damage in other counties is also reported, but not so large.

This has been out of the worst years for grasshoppers in the history of the state officials say, and farmers everywhere, reports indicate, have been taken entirely unaware by the pest.

Poisoning campaigns have been started in all the infested counties, with varied success. In Power county, where the hoppers are unusually bad, enough poison has been used to mix 66 tons of bait. Hoppers have been killed by the millions.

PEIKING, July 15.—(By the Associated Press.)—Minister of Finance Tung Kang today closed the doors of the department of finance with the announcement that they would remain closed until funds could be found for the empty treasury. He predicted that President Li Yuan Hung's administration would be unable to weather the present crisis.
